**SPIS RZECZY**  
(TABLE DES MATIÈRES)

| No.    |  | Str. |
|--------|--|------|
| No. 1. | 16 I 1947.   |      |
|        | <b>M. Gieysztor</b> i <b>† J. Wiszniewski</b> . Sur un Turbellarié vivant sur les branchies de <i>Gammarus ischnus</i> G. O. SARS ( <i>Rhabdocoela, Dalyelliidae</i> ). [Tab. I] .....                 | 1    |
| No. 2. | 12 V 1947.   |      |
|        | <b>St. Feliksiak</b> . Essai sur la régénération de la tête chez <i>Physa acuta</i> DRAP. [Tab. II] .....  | 7    |
| No. 3. | 14. VII 1948.  |      |
|        | <b>J. Rafalski</b> . <i>Mundochthonius carpaticus</i> sp. nov., nowy gatunek zaleszczotka ( <i>Pseudoscorpionidea</i> ). [5 rys.] .....  | 13   |
| No. 4. | 28 V 1949.   |      |
|        | <b>Z. Raabe</b> . Studies on the family <i>Hysteroecinetidae</i> DIESING. [Pl. III—IX, 12 Text-figures and 1 Table] .....  | 21   |
| No. 5. | 31 V 1949.   |      |
|        | <b>A. Rzańnicki</b> . Complete list of the specimens of skeletons and skins of <i>Equus quagga quagga</i> (GM.) preserved in the museums of the whole world in 1939. [With four Tables] .....          | 69   |
| No. 6. | 15 VII 1949.   |      |
|        | <b>J. Rafalski</b> . <i>Pseudoscorpionidea</i> z Kaukazu w zbiorach Państwowego Muzeum Zoologicznego. [Z 17 rysunkami i 5 tabelami w tekście] .....  | 75   |
| No. 7. | 20 VII 1949.   |      |
|        | <b>J. Nast</b> . Notes on the genus <i>Aluntia</i> STÅL with description of a new species <i>Aluntia hova</i> sp. n. from Madagascar ( <i>Homoptera, Dictyopharidae</i> ). [With 3 Text-figures] ..... | 121  |
| No. 8. | 24 VII 1949.   |      |
|        | <b>J. J. Karpiński</b> . The new species of bark-beetle <i>Pityophthorus polonicus</i> sp. n. ( <i>Col. Scolytidae</i> ). [With 6 Text-figures] .....  | 125  |
| No. 9. | 15 II 1950.  |      |
|        | <b>M. Nunberg</b> . The stridulating organ of <i>Ips sexdentatus</i> BOERN. ( <i>Col., Scolytidae</i> ) [Pl. X] .....  | 135  |

- No. 10. 20 II 1950.  
**St. Feliksiak.** Anomalies and deformations of the genital organs in *Helicigona (Arianta) arbustorum* (L.), with an attempt to explain the mechanism of their origin. [Pl. XI—XVI, 6 Text-figures and 1 Table] ..... 141
- No. 11. 1 III 1950.  
**J. Nast.** New genera and species of Neotropical *Fulgoridae* in the collection of the British Museum (*Homoptera*). [With 19 Text-figures] 167
- No. 12. 20 XI 1950.  
**J. Nast.** Notes on the genus *Bennaria* MEL. with descriptions of new species (*Homoptera, Cixiidae*). [With 11 Text-figures] .... 177
- No. 13. 22 XII 1950.  
**M. Mroczkowski.** A new species of *Anthrenus* GEOFFR. from Poland (*Coleoptera, Dermestidae*). [Pl. XVII] ..... 187
- No. 14. 26 V 1951.  
**J. Nast.** Homopterological notes VI—IX. [With 2 Text-figures] 193
- No. 15. 1 VI 1951.  
**W. Stefański et E. Żarnowski.** *Ascaris procyonis* n. sp. provenant de l'intestin de *Procyon lotor* L. [Pl. XVIII] ..... 199
- No. 16. 30 VII 1951.  
**A. Rzański.** Zebras and quaggas. [Pl. XIX—XXXIV, 4 Text-figures and 2 Tables] ..... 203
- No. 17. 22 XII 1951.  
**M. Mroczkowski.** *Anthrenus (Helocerus) polonicus* sp. n. from Central and Eastern Europe with a description of new subgenus of *Anthrenus* GEOFFR. [Pl. XXXV and 2 Text-figures] ..... 253
- No. 18. 27 XII 1951.  
**M. Nunberg.** Contribution to the knowledge of prothoracic glands of *Scolytidae* and *Platypodidae* (*Coleoptera*). (Pl. XXXVI). .... 261
- No. 19. 29 XII 1951.  
**J. Nast.** Some remarks on Neotropical *Fulgoridae* with descriptions of new genera and species (*Homoptera*). [Pl. XXXVII—XXXIX] 267
