

MYCOLOGICAL INVESTIGATIONS IN THE DEMOCRATIC PEOPLE'S REPUBLIC OF KOREA

by

Władysław WOJEWODA, Zofia HEINRICH & Halina KOMOROWSKA

During expeditions to North Korea (1982-1986), very interesting samples of Macrofungi from *Asco-* and *Basidiomycetes* were collected. The collectors: Z. Heinrich, H. Komorowska, W. Wojewoda, B. Zarzycka and K. Zarzycki.

The collections were made in several regions of Korea. Three hundred species of Macrofungi were found, some new to Asia and Korea.

In preparation:

Macrofungi from North Korea collected in the years 1982-1986.

Contents

Wojewoda, W. Introduction.

Wojewoda, W. *Ascomycetes*, *Basidiomycetes*: *Auriculariales*, *Tremellales*, *Dacromycetales*, *Aphyllophorales*, *Boletales*, *Agaricales*, (except of *Cortinariaceae*, *Strophariaceae*, *Tricholomataceae*).

Heinrich, Z. *Cortinariaceae*, *Strophariaceae*.

Komorowska, H. *Tricholomataceae*.
